

The Real Estate Broker is Five Times More Successful Than an Individual in Selling Homes

**Listed and Sold By
 Real Estate Agent 69%**

Source: The HomeBuying and Selling Process

A real estate broker is the very best and most effective system to market residential real estate.

We have marketing tools not available to homeowners, including, the MLS, continuous advertising programs, national relocation system, personal contacts with other professional real estate brokers - all of whom maintain a current inventory of qualified buyers today.
